And What Have You

By BOB CRAIG

I was almost afraid to get out on the highway this past week when it dawned on me that out of the three newspaper publishers in Jones County, I was the only one not in the hospital. Mr. Ed Sprowls, publisher of the Western Observer in Anson had surgery a couple of weeks ago and is still in the Anson hospital.

My father, Roy Craig, publisher of the Stamford American, had surgery last Tuesday, but he is back home now.

A newsletter circulating among Texans who are helping young people to choose wisely the paths their lives will take, featured an unusual article recently.

The newsletter, mailed by the Texas Education Agency, is prepared by the Division of Crime Prevention and Drug Education.

The article was written by Dr. Millard J. Bienvenu, Sr., of Northwestern State University of Louisiana:

Everybody does it!

When Johnny was just a tot his mother fell in the habit of giving him a baby aspirin everytime he had an ache or pain. At times when he was in perpetual motion (especially on rainy days) she gave him a tranquilizing medication. "It's O.K., Son," she would say. "Everybody does it."

During his elementary school years Johnny had the usual "ups" and "downs" in his class work. When troubled over a difficult assignment or a poor grade, his father usually suggested a sedative for sleep as this helped him to sleep when he had a bad day at the office. "It's O.K., Son," his father would say. "Everybody does it."

By the time he was ten Johnny relied heavily on Cokes and candy for lifting his spirits. He could see no reason why he couldn't have all the drinks he wanted, money was no problem to the family. Persuading his parents to let Johnny have his way, Aunt Alice would say, "It's O.K., everybody does it."

When he was 14, his parents partied quite a bit. Johnny always insisted on having his own company when they went out. And why couldn't they have some of the food and booze in the house. "It's O.K., Mom," he said. "Everybody does it."

When Johnny was 16, his dad gave into his persistent request for an automobile. (The partying and drinking shifted from the home to the automobile.) "It's O.K.," said Uncle Bill to Johnny's father. "Everybody does it."

When he was 17, Johnny tried out for track team. He discovered that many of the kids were using pep pills for greater energy and performance. When asked, the coach replied, "It's O.K., Son, everybody does it."

When he was 18, Johnny really got stoned at his graduation party. Unable to function the next day because of his hangover, his father chuckled, "Just a chip off of the old block. I don't blame you for hanging one on, Son. You finish high school one once. Everybody does it."

When Johnny was 19 and in college, he was approached by an upper classman who offered him a few joints of grass for \$5. "It's O.K., Kid," he said, "everybody does it."

Johnny was caught in a pot party in an apartment. Arrested and placed in jail, his father indignantly attacked him with, "How could you do this to your mother and me? You never learned anything like this at home." His aunt and uncle and coach were also very, very shocked.

If there's one thing the adult world can't stand, it's a kid who uses drugs.

HAMLIN'S NEW DOCTOR AND FAMILY — Dr. and Mrs. Joe D. Hymer and their children are getting settled in their new home at 1041 Northwest Fourth Street after their move here Mar. 1 from Ganado. The children, from left, are Matthew, 3, Mitchell, 9, Stephanie, 11 and Michael, 13. Dr. Hymer, a physician in Ganado Medical Clinic since 1965, joined Dr. M. L. Smith in general practice in the Hamlin Clinic Mar. 5.

Strong Feeling of Need To Help Brings Hymers Back

When Dr. Joe D. Hymer and his family moved to Hamlin Mar. 1, it was a happy occasion in many ways. The town's population was increased, two sets of grandparents and some great-grandparents were pleased to have children and grandchildren so near and most importantly, the town's only doctor since last June, Dr. M. L. Smith, was getting an associate to help with the community's medical needs.

Joe Donald Hymer, M. D., and his wife, Renee, are 'coming home' — both grew up in Hamlin and graduated from high school here.

The couple and their children, Michael, 13, Stephanie, 11, Mitchell, 9, and Matthew, 3, are getting settled in their new

home at 1041 Northwest Fourth Street.

At the same time the community is expressing their gratitude to Dr. Hymer for his decision to come to Hamlin, the family is saying that they are happy to be here and are pleased with their friendly reception.

When asked why he would give up a good practice in Ganado, where he was well established, to move to Hamlin, Dr. Hymer said that there were a number of reasons but the main one was his strong feeling of need to help Dr. Smith.

He said he and his family wanted to return home and be closer to their families, but most important was this desire to work with Dr. Smith in serving the people of this area.

He added that they felt they were needed more here than they were in Ganado.

Dr. Hymer had practiced in Ganado, a town of 2,400 with a heavy rural population, since 1965 and was serving this year as president of the Wharton-Matagorda-Fort Bend-Jackson County Medical Society.

Dr. Hymer was born July 31, 1935, in Stamford.

After graduation from high school here in 1953, he was in the U. S. Army from 1954-56 and served in Alaska. He graduated from the University of Texas in 1960 and attended the University of Texas Medical Branch from 1960-64.

He married Renee Moore June 14, 1958, in Hamlin. She graduated from high school in 1958 and attended the University of Texas and Victoria Junior College.

They are members of First United Methodist Church.

While in Ganado, Mrs. Hymer was choir director for the Methodist church from September, 1968 through February of this year. She also directed Young Peoples Ecumenical Choir, 1971-72.

Her Scouting activities included Jr. Girl Scout leader, 1970-73 and Cub Scout leader in 1972.

Michael, a seventh grader, was active in Scouting and Little League. Stephanie, a sixth grader, and Mitchell, a third grader, were also active in Scouting, Stephanie in the Brownies and Girl Scouts and Mitchell as a Cub Scout.

Mrs. Hymer's parents are Mr. and Mrs. Ned Moore. He is local manager of the West Texas Utilities and Mrs. Moore is employed as office manager of Cable Electronics.

Dr. Hymer's parents, Mr. and Mrs. Don Hymer, were owners of Style Cleaners here for many years and more recently lived in Ganado. They have moved back to Hamlin and are managing the Pied Piper Inn. His grandparents, Mr. and Mrs. Joe Dillingham, and Mrs. Ruby Hymer, are residents of Holiday Lodge.

Trustees Sell School Land, Name Equalization Board

The Board of Trustees of the Hamlin Independent School District named an Equalization Board and accepted the high bid on land owned by the district at Neinda in their regular monthly meeting here Monday evening.

Named to the Equalization Board were Paul Cooper, chairman; Joe Simpson and Donald Young.

The board accepted the bid of J. E. "Rod" Brown of \$802.75 for the little over four acres of land where the Neinda School was formerly located.

The board voted to accept the resignations of four teachers for the coming year. Those submitting their resignations to the board were Mrs. I. J. Starr, Mrs. Willard Maberry, Mrs. F. F. Shout and Mrs. Randy Brown.

In other action the board

voted to advertise for bids for school property across the street from the Elementary Building where the old tennis courts are located and adopted the school calendar for the coming year.

Under the calendar adopted, school will begin Aug. 20 and end May 25 with commencement. Supt. Bob Hawes told the board that the calendar was about the same as this year for the first semester but included a five-day spring

vacation in March of next year. He pointed out that this would be used for bad weather insurance or would give the students a much needed break in the spring. The calendar still includes a two-day Easter holiday in April.

Five Candidates In Race For City Council Posts

When the deadline for filing for city and school elections closed last Wednesday, only the City Council race was contested. Five candidates have filed for the three places to be filled in the Apr. 7 election. For School Trustee, the two candidates seeking re-election are unopposed.

Filing for the three city council vacancies, in the order they will appear on the ballot were: Robert Fowler, George Campbell, A. E. Killion, Robert

Cary Sr., and Herman Wood. Fowler, Campbell and Killion are seeking re-election.

Absentee voting for both elections will get underway Mar. 19 and end Apr. 3. Johnny Steele is absentee clerk for the city and Mrs. J. O. Murphree is absentee clerk for the school.

The city election will be held in the City Hall and the school election will be held at the high school building.

IN AUSTIN—Hearing On Hospital Districts Set Mar. 22

Hearings on several bills creating hospital districts in Jones and Fisher Counties will be held in Austin Mar. 22, according to Jack Hightower, 30th District Senator. Senator Hightower said the time of the hearing will be set for 2 p.m.

The Senate Bills, 447 through 451 deal with the setting up or expansion of boundaries of hospital districts in Fisher County, (1 county-wide) and three others in Jones County. The Jones County districts are the Stamford Hospital District, the Anson Hospital District and the Hamlin Hospital District

that will include a part of Fisher County.

Senator Hightower stated that the hearings, which will be heard before the Subcommittee on Public Health, will give the citizens of Jones and Fisher Counties the opportunity to be heard on the need for such districts and the boundaries to be established in the bills.

The Rev. Malcolm Eudally of Springfield, Mo., will be the evangelist for a revival at the Church of the Nazarene Mar. 20-25.

The clinic is being held to permit local dog owners to comply with the new Hamlin Dog Ordinance that becomes effective Apr. 1. Arrangements have also been made so that dog owners can obtain the city license at the same time. Cost of the city dog license is \$5.00.

She received an M. E. degree from Texas Tech University in Counseling and is currently teaching 7th and 8th grade English at W. G. Alderson Junior High in Lubbock.

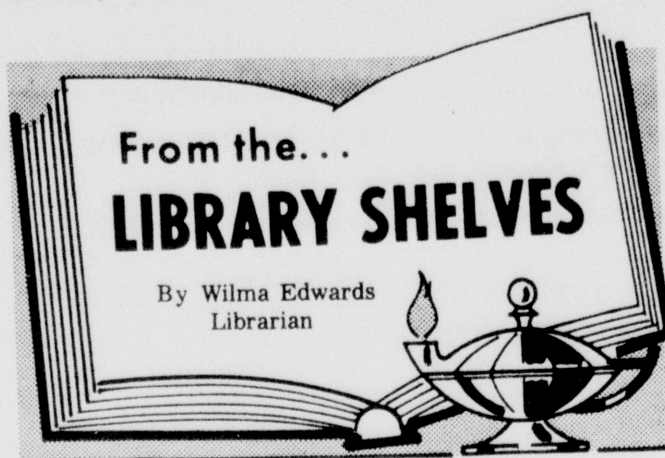

The prospective bridegroom is a graduate of L. D. Bell High School. He attended North Texas State University and graduated with honors from Texas Tech University, with a B. S. degree in Physical Education and English. He was a member of Phi Epsilon Kappa, Phi ETA Sigma, and the executive council of the Baptist Student Union. He is a commissioned officer in the United States Army Reserves. He will be coaching in the fall.

New arrivals at Harden Memorial Library have been announced by Wilma Edwards, librarian.

Taffy's Foal by Elisa Bialk. Girls who like horses will enjoy reading about a Kentucky girl who longed to take her cherished horse with her when she moved to a Chicago apartment. Recommended for grades 4-6.

The Search For A Soul by Jess Stearn. Stearn, a prolific student of the unknown, helps well-known author Taylor Caldwell explore the background of her numerous historical novels.

Worlds Apart by Ilka Chase. Chatty, informative, and written with good humor, this book covers visits to Central and South America, Russia and Africa.

Harry S. Truman by Margaret Truman. Margaret Truman writes affectionately but honestly of her father, combining tidbits of family and personal happenings with an inside view of Truman's political career.

Soldier by Lt. Col. Ret. Anthony B. Herbert. Up to a point, Anthony Herbert's life was a fulfillment of the American Dream, an extraordinary success story beginning in a small Pennsylvania coalmining town and

bringing him eventually to Vietnam as one of the best combat infantrymen and commanders our Army had ever produced. What happened can be seen now as a familiar pattern of our times: the wages of a dedicated individual fighting the corruption of an honorable profession.

Two From Galilee by Marjorie Holmes. The author of I've Got To Talk To Somebody, God tells the story of a young love that matures and deepens as Mary and Joseph face the difficulties created by the unexpected announcement that she is with child. This is a novel for everyone who finds the Christmas story a source of timeless beauty and wonder.

A Bowl of Red by Frank X. Tolbert. This new expanded edition of Mr. Tolbert's chili bible is not exactly a cookbook, but a kind of celebration of a truly delectable dish. There are recipes, in many variations, and also history, lore, anecdotes and much culinary wisdom.

Crafting With Nature's Materials by Chester Alkema. Mother Nature provides an abundance of interesting forms, textures, colors and lines which can be made into exciting compositions. This book can help you to reflect your own ideas.

American Family by Faith Baldwin. A sensitively written book. The story flows in an exciting manner. It is the story of an American missionary and his family in China in the 1800's. Semi-Tough by Dan Jenkins. Behind the scenes novel that supposedly tells what goes on with our football heroes in the locker rooms, bars, and bedrooms.

On The Night Of The Seventh Moon by Victoria Holt. The author follows her The Shadow Of The Lynx with another complex, though somewhat melodramatic, gothic romance set in the last half of the nineteenth century.

Neinda Philosopher Finds Consequence In Soviet Union's Great Grain Failure

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One discusses the weather this week, we guess.

Dear editor:

As everybody knows, Russia had a crop failure last year and consequently had to buy over a billion dollars worth of grain from the United States, and I have now found out another result of that failure.

Despite the fact the failure

County Farmers Union Group Conducts Drive

Jones County Farmers Union president Gerald Brown reports that a very successful membership drive was conducted in the county the week of Feb. 24-27. Jones County Farmers Union participated in a membership building effort that involved 20 counties from the New Mexico Border to the Rolling Plains. The local Farmers Union hosted three Midwestern farmer organizers who worked during the week visiting with the area farmers and signing new memberships in the Farmers Union. Texas hosted 48 out-of-state farmers.

Brown stated that the growth potential of the Jones County Farmers Union appears to be excellent due to the good response the local farmers experienced during the drive.

Brown emphasized that Farmers Union is currently supporting legislation in Congress reinstating vital agriculture programs recently cut or eliminated by the Nixon administration which will mean "millions of dollars to Texas farmers." Farmers Union will be actively seeking stronger guarantees, price support floors and production supply controls in the new farm bill to be adopted during 1973 according to Brown.

Host families and workers who participated in the membership building effort in Jones County were: Stanley Jackson, M. D. Bagley and Gerald Brown.

was caused by the weather, the Russian leaders took what for them was the logical step. They fired the Minister of Agriculture.

I don't know how such things work over there, but I have an idea the next candidate for the job, before he accepts, will be giving close study to the long-range weather forecasts.

And even then his future may be shaky. I was listening to a weather forecast out here the other day and the forecaster, in explaining why a cold front with rain didn't show up as he had predicted the day before, said "it didn't move in according to schedule."

That's one way of putting it. Whose schedule? Under that system no forecaster can ever be blamed for being wrong. All he has to do is set up a schedule and if the weather goes the other direction it's the weather's fault, not his.

But back to Russia. When she decided to buy all that grain from the U. S. she sent her buyers over here and they quietly and cannily bought up all they needed at modest prices before the world found out how bad the weather had been over there and how short their grain crop was and how much U.S.

grain farmers could have gotten for it if they'd known about it.

This year, reports are that the weather again is off schedule in Russia and the grain crop again may be short.

But nobody knows, and this is what gets me. You mean to say that with our far-flung and expensive C.I.A. spy system we can't find out what the weather's like in a country that big? You mean the C.I.A. can tell us how many missile-firing submarines Russia has but can't tell us if she needs a rain?

What have our men been doing, listening to Russian weather forecasters instead of looking out the window?

Yours faithfully,
J.A.

Ages Set for Kindergarten Program Here

Children who will be 5.7 years of age this fall will be eligible to attend the public school kindergarten this year, according to Supt. Bob Hawes.

Any child born Sept. 2, 1967, through Feb. 1, 1968, will be eligible to attend the kindergarten this year, he said. Other five-year-olds as of Sept. 1 may also be eligible to attend kindergarten this fall if first, they are non-English speaking children or second are a member of a family with yearly income of less than \$3,000.

Parents of prospective kindergarten students are reminded that they must comply with all rules of the state with regard to birth certificates and immunizations.

in rhyme, his practical and wholesome philosophy shines bright and clear. His speech is not cut and dried, but given in a homespun style that reaches young and old alike," Stenholm said. "He has a view of life that is as refreshing as new mown hay. What he says makes sense and how he says it makes for easy and pleasurable listening."

A barbecue lunch will be served at noon and entertainment provided throughout the day.

"We hope every member family of SEC will attend this year's Annual Meeting, to become involved in the business of their cooperative. We also extend a cordial invitation to all our friends, here and in the area, to join us for this 33rd Annual Meeting," said Stenholm.

WHEAT RE-ELECTED— Little League to Sell Signs to Support Program

Ed Wheat was re-elected president of the Hamlin Little League at the meeting of the organization last Thursday evening in the high school cafeteria. Plans were made at the meeting to sell advertising signs to local merchants to finance the program this year rather than to ask for donations.

Other officers elected at the meeting were: Mrs. David Wade, vice president; Mrs. Rollins M. Roth, secretary; Donald Young, treasurer; and Mrs. Gene Alexander, player representative. Mrs. John Holtz will be in charge of the concession stand at the park.

The advertising signs to be sold will be 4 by 8 foot signs made on a special weather-proof, treated wood and will sell for \$35.00. Wheat said the signs will not affect the view of the people parked around the ball park. Anyone interested in buying a sign may contact Mrs. Wade or Wheat.

Immunization Clinic Today At Primary

A Pre-School Clinic will be held in the primary cafeteria today (Thursday) from 2 to 4 p.m. John Black with the State Health Department will be here to assist Mrs. W. W. Wallace, school nurse, in conducting the clinic.

The clinic will be for all pre-school children whose parents find it financially hard for them to go to their family doctor for the required immunizations.

All children starting kindergarten and first grade must have had the following immunizations: 1. The 3-shot series of Diphtheria-Tetanus-Whooping Cough, plus a booster since the fourth birthday; 2. The 3-dose series of Polio, plus a booster since the fourth birthday; 3. Measles; 4. 3-Day Measles.

No child can be enrolled without their immunizations and state birth certificate and all parents must furnish proof of their child's immunizations.

There will not be a make-up day for the clinic held today and those who miss may go to the Free Immunization Clinic held in Stamford each third Tuesday. The clinic is held in the Community Kindergarten Building, South Second, Stamford. This is located across the street from the Kinney Funeral Home.

Parents of all kindergarten and first grade children are urged to take their immunization records and their child's birth certificates to the primary building for recording as soon as possible.

At a meeting of the board of directors of the Hamlin Cemetery Association, Inc. held last week, it was decided that a four-foot chain link fence would be installed to encompass the entire cemetery acreage.

Miss Greenway said that friends of the association had volunteered their services and each afternoon this week work has been done at her home to prepare the letters for mailing.
